

SAMPLE SET OF WORKSHOP GOALS

By the end of the workshop, participants will:

- ▶ Have a better understanding of the personal impacts of gender norms on their own lives and on their families, communities and the organizations to which they belong;
- ▶ Be able to describe the political impacts of these gender norms on limiting women's participation in political life;
- ▶ Be able to identify the range of personal and political motivations for men to support women's greater participation in political life;
- ▶ Be able to describe organizational strategies and individual actions to challenge gender norms and promote women's political participation; and
- ▶ Make a personal commitment to taking specific action to challenge gender norms and promote women's political participation.
